“Working with ND&T was by far the **best part** of our new home building process!”

-Clint Reagle [Homeowner]

NATIONAL  
DOOR & TRIM

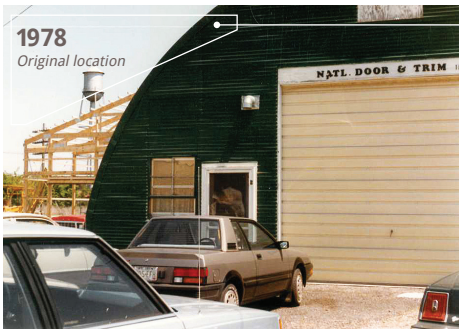

## OUR CAPABILITIES

*Based in Van Wert, OH, our 75,000 square foot facility is capable of handling any size of project. From custom homes to remodel projects, National Door and Trim is a one-stop shop for all of your door, trim, cabinet, and hardware needs.*

- Our state of the art finish line allows us to produce large volume orders with consistent quality in a controlled environment, eliminating on-site contaminants and construction delays
- In-house ability to machine doors for any type of hardware and pre-hang door units for easy installation on job sites
- Both stain and paint custom capabilities to match all the latest trends or to start one of your own.

## PREHUNG OPTIONS

Complete your prehung unit by selecting a hinge color from our shown stock finishes. With each prehung order National Door and Trim will also need to know the handing for each unit. The illustrated diagrams are here to aid in selecting the correct handing. For easy determination we suggest you place your back against the side of the jamb with the hinges. Using your arms mimic the swing of the door and this will determine the handing as they are shown.

## DOOR HANDINGS
